

## **COURSE SYLLABUS**

### **PASMA Towers for Users**

#### **Suitable For:**

Personnel who will be responsible for the assembly, dismantling, alteration, moving and inspecting of mobile access towers.

#### **Course Aim:**

This course is designed to give training and instruction for candidates on how to safely assemble, dismantle, relocate and alter a mobile access tower.

#### **Course Content will include:**

- Legislation, Regulations and Guidance affecting working at height with mobile access towers
- PASMA Code of Practice
- Product Standards EN 1004
- Assembling, altering and dismantling towers incorporating current best practice for fall protection
- Inspection of completed mobile access towers and completion of Tower Inspection Records
- Hazards affecting the use of mobile access towers and how to avoid

#### **Course Objectives:**

On successful completion of this course, candidates will have sufficient knowledge and practical skills to enable them to safely assemble, dismantle, relocate and alter a mobile access tower.
